Ugreen 50706, MMC, MicroSD (TransFlash), MicroSDHC, MicroSDXC, RS-MMC, SD, SDHC, SDXC, Plata, USB/Micro-USB, 73.7 mm, 21.5 mm, 11.6 mm
SKU: 50706

Información Técnica

- Marca: **Ugreen**
- Tarjetas de memoria compatibles: **MMC, MicroSD (TransFlash), MicroSDHC, MicroSDXC, RS-MMC, SD, SDHC, SDXC**
- Interno: **No**
- Color del producto: **Plata**
- Interfaz de comunicación: **USB/Micro-USB**

Aspectos destacados

SuperSpeed on Data Transfer

This SD/TF card reader support super faster data transfer up to 5Gbps through USB 3.0 interface -10X faster than USB 2.0, transfer HD movies, or files in just seconds.

More connectivity

Equipped with USB 3.0 Type A and Type C plugs, the card reader can be used for free data exchange between memory cards and USB-A / USB-C / thunderbolt 3-capable PCs, laptops, mobile phones and tablets with OTG functions. With built-in USB 3.0 chips, the USB card reader delivers high-speed transfer rates of up to 5Gbps and allows HD movie in 1GB to transfer only seconds.

Simultaneously access to SD and Micro SD card

Both card slots can be used simultaneously especially when connected to a PC/laptop, you will receive more efficient data transfer and no longer waste long time to wait. The USB 3.0 USB C to SD Adapter supports all popular memory cards including SD, SDHC, SDXC, RS-MMC, MMC, Micro SD, Micro SDHC, Micro SDXC and UHS-I cards in large capacity up to 512G.

Plug & Play

No driver installation required for Windows, Mac OS, Linux etc. Powered via USB or USB C plug, therefore no additional power needed. With overcurrent, overvoltage and short-circuit protection, the USB Card Reader USB C secures high safety for all connected devices and memory cards.

Universal Compatibility(Partial List)

USB C Laptop: Macbook, MacBook Pro, HUAWEI Matebook / Matebook X / Matebook, Asus ASUS ROG GX501, ZenPad S 8.0, Zenbook3, ZenPad 3S, Lenovo Air 12, YOGA 5 Pro / Miix 5/920, Legion Y720, Chromebook Pixel, Samsung Galaxy Book 12 Inch / Tab S3, Dell Alienware 13/17, MSI GS63 Gaming Notebook etc
